**R.P. BRENNAN QUALIFIED & APPROVED AS GENERAL CONTRACTOR FOR  
MOUNT SINAI HEALTH SYSTEM**

*NEW YORK, NY, June 25, 2021* — R.P. Brennan is pleased to share they are now an approved and qualified as General Contractor for the Mount Sinai Health System.

***Background***

R.P. Brennan, a leader as General Contractor to the Healthcare Sector, worked thru an extremely thorough process to meet Mount Sinai Health System’s exacting standards by demonstrating its proficiency in healthcare construction, professionalism and financial strength to be approved as a Qualified Vendor for the Mount Sinai Health System. As a Qualified General Contractor for The Mount Sinai Health System, R.P. Brennan will provide healthcare construction services at The Mount Sinai Hospital; Beth Israel Medical Center; The St. Luke’s - Roosevelt Hospital Center; The New York Eye and Ear Infirmary; and Icahn School of Medicine at Mount Sinai.

According to Michael Brennan, President of R.P. Brennan, “We look forward to the continued relationship with this world-class healthcare organization, and expansion of our healthcare construction portfolio. We believe our commitment to a Double Bottom Line approach is what differentiates us from other construction firms. This approach extends the conventional technical skill and financial bottom line, which measures a well-built, well-executed project with an eye on fiscal performance, and adding a second bottom line to measure our performance in terms of positive social impact to our people and our clients. “

***About R.P. Brennan***

R.P. Brennan is a general contractor and construction manager based in New York City, founded in 1987. The firm specializes in construction within the educational, corporate, healthcare, entertainment, and hospitality industries. In the education and healthcare sectors, R.P. Brennan is proud to be a Qualified General Contractor and constructed facilities for New York University, Columbia University, New York University Langone Health, Weill Cornell Medicine, and New York Presbyterian.
